21.	दिल्ली परिवहन निगम	—203.8184

Declaring Godavari and Krishna as National Waterways

3027. DR. NARREDDY THULASI REDDY: Will the Minister of SURFACE TRANSPORT be pleased to state:

(a) whether there is any proposal under Government's consideration to declare Godavari and Krishna in Andhra Pradesh as National Waterways;

(b) if so, the details thereof; and

(c) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF SURFACE TRANSPORT (SHRI JAGDISH TYTLER): (a) No, Sir.

(b) Does not arise.

(c) Techno-economic feasibility studies were carried out on the Godavari from Cherla to Rajahmundry and on Krishna from Nagarjuna Sagar Dam to Vijayawada. Though the study on the Godavari indicated viability of coal movement from Cherla to Rajahmundry, the coal production at Cherla Coal Mines as visualised had not been confirmed by M/s. Singareni Collieries Company Ltd. In respect of Krishna, the minimum discharge required for navigation is not available round the year. In addition, low volume of cargo expected and high developmental cost do not justify the viability of development of the waterway for navigation.

Losses incurred by State Roadways Corporations

3028. SHRI S. S. AHLUWALIA: Will the Minister of SURFACE TRANSPORT be pleased to state:

(a) whether it is a fact that most of the State Roadways/Transport Corporations in the country continue to incur recurring losses particularly due to worn out, old and overused bus fleets;

(b) if so, what are the details of the losses suffered by each State Roadways Corporation during the last three years;

(c) whether government propose to establish a national renewal fund exclusively for the revival of State Road Transport Corporations in the country to make them economically viable and enable them to provide transport facilities to the general public; and

(d) if not, what remedial action Government propose to take in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF SURFACE TRANSPORT (SHRI JAGDISH TYTLER): (a) Most SRTCs are incurring losses on account of the following main reasons:—

(1) Uneconomic fare structure due to SRTUs inability to obtain timely fare revisions based on the rising input cost;

(2) Concessions given to various sections of the society such as students, the handicapped persons, freedom fighters, journalists as so on;
